Mary,
Heads up re Omaha World herald news article...please read for general awareness.

SEMD has no current involvement at this site. This is not a regulated FRP. Nor has the state ever requested any SEMD/AERR assistance. I see Mike Felix is now asking us to participate in a call...so, that may change? I know there is a lot of years of history at this site re. pesticide concerns. Jamie Green is most familiar.

At this point, I just wanted you all to know that we (CNSL and SEMD) have a call this week with Mike Felix to discuss – I will ask / forward invite to Jamie Green, Pesticides and Mary Mindrup, Water to listen in/ participate as well.

Thanks
Ken

Lynn/David/Ken,

We are having a call at 3:30 pm today with EPA Enforcement and Legal Counsel staff concerning the AltEn ethanol plant near Mead, Nebraska. The MS Teams meeting link to the call is at the bottom of the email chain. If you are available, we would like the EPA Superfund program to participate in this call as well. Please see the attached media articles for some background on the site. Please let me know if you are able to sit in on the call, thanks!

Subject: AltEn- Meeting with EPA Region 7

Region 7 requested a meeting for an update on AltEn. It is set for Monday, January 25, at 3:30 p.m. They are especially interested in the ground water monitoring results which we sent them. If you can't make it, please make sure someone in your area can report.

Thanks,
Susan
